FREEMASONS' HALL

Freemasons' Hall stands on Great Queen Street on a site that has been used to hold meetings for Freemasons since 1775. The current building was opened in 1933 as a peace memorial to honour the 3,000 Freemasons who fought and died during the First World War.

We are pleased to offer early party arrivals the opportunity to view the magnificent Grand Temple between 18:30 and 19:30.

Visit <https://www.ugle.org.uk/freemasons-hall> for more information about the venue.

INTRODUCING WOMAC

Women On the Move Against Cancer comprises volunteers who all work in the automotive industry. We raise money each year for cancer charities and rely on the generosity of our friends to donate money or prizes for the tombola and raffle.

Since WOMAC began in 1979, we have supported a wide variety of projects, searching for more effective treatments for cancer or improving the quality of life for sufferers, their families and carers. Over this time, we have donated £1,000,000 to cancer-related projects and charities.

Please visit www.womac.co.uk for more details.

WOMAC'S CHOSEN CHARITY FOR 2020

WOMAC's chosen charity for 2020 is Dimpleby Cancer Care

The Dimpleby Macmillan Support Centre is a service based at Queen Mary's Hospital in Sidcup. As part of Guy's and St Thomas' NHS Foundation Trust, it offers specialist information and support to local people affected by cancer.

Dealing with a cancer diagnosis can be difficult not only for the person with cancer, but for their family and friends as well. Finding the right information or the right person to talk to can often make living with cancer that bit easier. The service is staffed two days per week by a cancer information clinical nurse specialist (CNS), offering a range of information on all aspects of living with cancer (some resources are available in a

range of languages and are suitable for people with special needs).

Complementary therapies including clinical aromatherapy and reflexology, relaxation and stress management workshops, a psychological therapies service and a monthly patient support group are also provided by the service. And we are supported by a team of dedicated volunteers.
